## IMPORTANT NOTE

---

---

- This list was current at the time of printing. However, providers are added and deleted on a daily basis. It is suggested that a provider's continued participation be verified each time an appointment or referral is made by calling Virginia Health Network at 320-3837 in Richmond or 1-800-989-3837 outside the Richmond calling area. The patient should also confirm a provider's participation at the time of service.
- The inclusion of providers in this directory is not a guarantee of benefits. For detailed benefit information please refer to insurance plan booklet or call the insurance company.
- Not all payors contract for access to all Virginia Health Network service areas. If you are unsure of your service area, contact your payor for verification of those VHN service areas that are being accessed.
- Receiving services from a PPO hospital does not guarantee that all charges will be paid at the PPO level.
  - Hospital emergency rooms may be staffed by non-PPO providers.
  - Anesthesiologists, radiologists, and/or pathologists may provide services at a network hospital, but may not be under contract by the network.
